The Pension Bureau.

It Furnishes a Subject for a Cabinet Discussion.

MR. TANNER'S DAYS NUMBERED.

He Has not Been Suspended or Asked to Resign, but Probably Will in the Near Future—Several Statesmen Anxious to Succeed Him—Other Dispatches from Washington.

WASHINGTON, Sept. 12.—The retention, removal and resignation of Commissioner of Pension Tanner, were subjects of protracted conferences at the executive mansion yesterday between the president and most of his cabinet officers. Informal conferences were held during the day between the president and Secretaries Noble and Tracy; but the formal cabinet meeting to discuss the matter did not convene until nearly 4 p. m., and lasted until about 6 o'clock.

Secretary Noble was with the president as early as 2 o'clock. He brought with him the report of the committee which has investigated retiring in the pension office during Commissioner Tanner's administration, presumably to be used as an argument for securing the commissioner's vacation of the office. Members of the cabinet are extremely reticent about what happened at the meeting. The president, however, authorized a representative of the United Press to state that "Commissioner Tanner had not been removed, and that he had not asked for the commissioner's resignation."

Commissioner Tanner declined to talk about the imbroglio, further than to say that he had not been suspended and had not resigned. Efforts are undoubtedly being made to induce the commissioner to resign, by offering him another equally lucrative and honorable position; but whether he will yield to such persuasion is not known, and further conferences and more time is needed to settle the matter. Now that it is generally believed that Commissioner Tanner will vacate or must go, rumor is rife with candidates to succeed him. Ex-Pension Agent Poole, of New York, and ex-Congressmen Brown, of Ohio, and Thomas, of Illinois, are already mentioned among others for the place.

Return Back from New York.

WASHINGTON, Sept. 12.—Vice President Morton arrived here yesterday from New York and called at the White House in the evening while the president and his cabinet were considering the case of Pension Commissioner Tanner. He was shown in the cabinet room and joined in the discussion.

Graft Will Get It.

WASHINGTON, Sept. 12.—It is now definitely settled that Judge Graft, of Omaha, will be appointed commissioner of the general land office. Judge Graft was the leading candidate for interstate commerce commissioner against Judge Veazy, of Vermont, who recently received that appointment.

SLOW WORK.

But Little Progress Made in Securing a Jury to Try the Cronin Suspects.

CHICAGO, Sept. 12.—Twenty-five tales men of the ninth venire and six of the tenth were examined in the Cronin trial yesterday. Ten peremptory challenges were used, five being credited to each side. The state has now used eighteen and the defense thirty-eight of its one hundred challenges. Three men were held over when the court adjourned. The eleventh venire was issued last night.

Searching for Evidence.

WINNIPEG, Man., Sept. 12.—Detective George E. Williams is here working out some important clues in connection with the Cronin case. Mr. Williams, who has been here three days, is now possessed of information that will be of the greatest value in connection with the trial of the conspirators.

Shot a Conductor.

NASHVILLE, Tenn., Sept. 12.—William Brail, of Hopkinsville, Ky., boarded a Louisville and Nashville train yesterday evening without a ticket and refused to pay the extra fare asked. Conductor Lemon, an old and trusted official, stopped the train at Baker's Station and Brail was put off. Brail was terribly enraged and drew a revolver and fired, shooting Lemon through the head, killing him instantly. The murderer at once took to the woods and has not yet been captured.

Tanner to Succeed Rosecrans.

CHICAGO, Sept. 12.—A Washington special says that Tanner is to succeed Gen. Rosecrans as register of the treasury, and that Congressman McKinley, of Ohio, has been offered the position of commissioner of pensions. McKinley left Chicago last night for New York to attend the funeral of Congressman Cox. From there he will go to Washington, but it is understood he will decline the position, as he has strong hopes of becoming speaker of the house.

The Derrick Broke.

HARRISBURG, Pa., Sept. 12.—By the breaking down of the big derrick known as the "traveler" at a brown stone quarry near Hummelston, John Thomas, the engineer, was severely scalded by steam and Augustus Kinley had his arm broken and his back sprained.

Miners on a Strike.

MT. CARMEL, Pa., Sept. 12.—Four hundred miners at the Morris Ridge colliery have struck to compel the operators to observe the semi-monthly pay-day law and reduce the price of powder.

FIGHT TO A FINISH.

McAuliffe Knocks Out Pat Killen in Seven Rounds.

SAN FRANCISCO, Sept. 12.—A fight to a finish, Queensberry rules, between Pat Killen, heavy-weight champion of the northwest, and Joe McAuliffe, ex-champion heavy-weight of the Pacific coast, for a purse of \$2,500, \$500 to the loser, took place at the Golden Gate Athletic club last night. McAuliffe weighed 203 pounds, and Killen 195. Paddy Ryan and Con Reardon seconded McAuliffe, while Professor Antares and Dave Campbell performed that duty for Killen.

In the first round McAuliffe got in a left-hand blow on Killen's ribs and a right-hand on the jaw. In the second round Killen was about even, but McAuliffe landed a hard right-hand on Pat's ear. In the third Killen was forced into his corner and badly punished about the head. The fourth was without incident. In the fifth McAuliffe drove Killen to his corner, upper-cutting him. Killen returned with a rush, but McAuliffe clinched. The row ended with a blow that dazed Killen, but McAuliffe did not follow up his advantage. In the sixth and seventh rounds Killen acted on the defensive, and was finally clinging to the ropes when McAuliffe upper-cut him, and it was claimed that Killen was down at the time, but amid much confusion the referee decided otherwise, and gave the fight to McAuliffe. McAuliffe drew the only blood.

PLENTY OF HOGS.

The Crop for the Present Year Will Equal That of Last Year.

CHICAGO, Sept. 12.—The Farmers' Review will publish the following: The reports of our correspondents indicate that the hog crop of 1889 equals and probably exceeds that of 1888. The supply in Indiana, Illinois, Ohio and Kansas is somewhat less than that of last year. Wisconsin and Missouri have about the same number of hogs, while Kentucky, Iowa, Nebraska, Michigan, Minnesota and Dakota show an increase, particularly the state last mentioned.

As a rule hogs are reported unusually healthy for the season of the year. A number of correspondents report scattering cases of hog cholera, but very few general or disastrous outbreaks.

We summarize as follows the reports of our correspondents, comparing with last year: Illinois, 98 per cent.; Indiana, 95; Ohio, 97; Missouri, 96; Kentucky, 103; Iowa, 105; Kansas, 97; Nebraska, 104; Michigan, 103; Wisconsin, 99; Minnesota, 103, and Dakota, 116.

Railroad Employees Arrested.

BUFFALO, N. Y., Sept. 12.—Frank Johnson, a conductor on the New York Central railway, and Edward L. Badgley, one of the gatemen at the depot, were arrested by detectives here last night. The complainant is W. R. G. left, auditor of the road. The officers claim to have obtained evidence that Johnson would take up tickets on the train and not punch them, and when he arrived in Buffalo would hand them to Gatekeeper Badgley, who disposed of them at scampers' offices. Just what the extent of their operations is cannot be ascertained, but it was decided to arrest both on Tuesday night. Both men were arraigned in the police court and admitted to bail to appear for further examination.

A Double Lynching.

CHARLOTTE, N. C., Sept. 12.—A special to The Chronicle says that Frank Stack, a white man, and Dave Boone, colored, were lynched at Morgantown, Burke county, about 2 o'clock yesterday morning, by a mob of some 150 men, who overpowered the jailer and broke open the prisoners' cells. Stack was in jail on the charge of shooting Robert Parker last August, and Boone was charged with killing Eli Holder, a white man, at a camp meeting ground, about two weeks ago. It is said that Boone confessed, but that Stack protested his innocence to the last. The jailer claims to have recognized three of the lynching party, and warrants have been issued for their arrest.

West Virginia's New Governor.

TERRA ALTA, W. Va., Sept. 12.—The gubernatorial committee finally adjourned yesterday, and will not again meet until the secretary has completed the formal report for presentation to Governor Wilson and the legislature. The work of the committee makes Judge Fleming's majority 212. In other words, there has been a gain for him during the examination of the vote of the several counties of 323. Gen. Goff having 110 majority to start with. The concluding work of the committee was in the six counties of Logan, Monroe, Boone, Raleigh, Pleasant and Wayne. In those counties Goff gained twenty-three votes.

Shot His Mother for a Burglar.

DECATUR, Ill., Sept. 12.—The many burglaries in this city of late have led many persons to sleep with firearms at hand. Early yesterday morning Mrs. Starr, a wealthy widow, was shot dead by her son, Harry Starr, who saw her figure move across a room adjoining his own, and fired quickly without awaiting to make any investigation. The bullet passed entirely through the unfortunate woman's neck, killing her instantly.

A Fated Structure.

CHICAGO, Sept. 12.—The Burton building, corner of Van Buren and Canal streets, was recently burned down. The rebuilding of it was nearly completed when, this morning, it was again gutted by fire. Loss variously estimated at from \$25,000 to \$50,000.

Grand Sachem of Tammany.

NEW YORK, Sept. 12.—A. B. Tappan was yesterday elected grand sachem of Tammany Hall, in place of Sheriff Flack, resigned.

Great Destruction

Caused by the Storm Along the Atlantic Coast.

COMMUNICATION ESTABLISHED.

At Least Fifty Lives Were Lost in Delaware Bay, and the Destruction to Property Will Reach Five Million Dollars. Many Vessels Wrecked All Along the Atlantic Coast.

PHILADELPHIA, Sept. 12.—Superintendent Dayton, of the West Jersey railroad, says that when railroad and telegraph communication with Atlantic City were re-established it was found that no serious damage to property had been done by the storm and that no lives had been lost. The fire, of which rumors had got afloat, proves to have consumed only half a dozen shanties of small value at the southern end of the island. The board walk, with the booths, pavilions and places of amusement located thereon, were destroyed by the waves. The Shelburne hotel, which is the most exposed of all the hotels, was but slightly damaged.

There is now but one serious wash-out on the Camden and Atlantic road between Pleasantville and Atlantic City, and Superintendent Dayton expects this to be repaired in a few hours. An attempt to run a steamer from Somers Point to Atlantic City had to be abandoned on account of the storm.

Postmaster Chester, of Sea Isle City, has reached the main land, and reported that place in very bad shape. The sea wall has been destroyed and fifteen houses washed away, including the Newland, Star and Shakespeare hotels. The Excursion house and Surf house may be destroyed. The Continental, the largest hotel there, is safe. No lives have been lost.

The schooners R. R. Leeds and Rebecca M have been lost. A number of yachts were wrecked at their moorings. Among the pleasure yachts, sunk or driven out to sea are the Golfey, Volunteer, Alert, Neptune, Comet, Charles F. Wahl, Tillie Covert and Minerva. The fire early Wednesday morning was caused by a tin roof being blown off upon some electric light wires.

Late dispatches state that the storm was the most furious known to the oldest inhabitants. The beach from Rehoboth to Lewes is strewn with wreck. It is thought at least fifty lives were lost in Delaware bay. Men were seen clinging to the rigging of the still sinking vessels frantically yelling for help. The life saving crews were powerless to render assistance owing to the fury of the gale. It was a terribly sight to witness. Their bodies were washed ashore and were buried in the sand along the water. The loss to vessel property at the Breakwater will reach, it is thought, \$5,000,000.

At Laurel, the storm has continued with unabated violence, but beyond demolishing a few outbuildings and fences and the uprooting of some trees, there has been no damage in this immediate vicinity. Further up the country peach orchards have been ruined, some having scarcely a tree left standing.

A despatch to The Record from Lewes, Del., says: The loss of life in Delaware Bay by the storm has been almost as heavy as during the great blizzard of March, 1888. The two survivors of the wrecked schooners are Mate Jackson and Stewart Hunter, of the J. and L. Bryan, who had a terrible experience all night long and drifted ashore seventeen miles from the scene of the wreck.

A special from Dover, Del., says the storm has greatly damaged fruit, especially peaches and pears. Corn is also much damaged. Many fruit trees are torn up by the roots or broken off. Many cottages were swept away at the bay side summer resorts and at Kitts, Hammock and Bowers Beach. In Dover large trees were broken down. Much damage to shipping in the bay is reported.

A dispatch received from Atlantic City, via Absecon, N. J., gives the following particulars of the storm: The wind reached a velocity of over sixty-two miles an hour. The sea beat twenty feet high above the inlet pavilions. There was great alarm among the visitors and residents. A woman holding a child in her arms was lifted up by the wind and thrown into the water near the Howard pier. Mr. Walter Field, photographer, jumped in and rescued the woman and child. The people living in the houses beyond Baltic avenue, and the thoroughfare, had to be taken from second-story windows in boats by men, who rowed out for that purpose. These people are mostly negroes and are very poor. Many of these humble dwellings are ruined. St. Monica's Roman Catholic church, at Chelsea, was badly damaged. In fact, hardly a hotel or residence along the water front escaped damage, and some are ruined.

Vessels Wrecked on the Delaware Coast.

LEWES, Del., Sept. 12.—The storm still continues. A ship supposed to be the William R. Grace, from Havre for Philadelphia, is ashore on the point of the cape. Her masts are cut away and it is impossible for a boat to reach her.

Following are names of wrecked vessels: Schooners A. and E. Hooper, Addie E. Bacon, of Philadelphia, with coal; Eunith R. Dyer, J. D. Robinson, Maj. William H. Tatum and Nettie Chapman; brig Richard Green, with logwood; British bark Thomas Keiller and Danish bark Atlanta, supposed to be ashore at Point of Capes. Pilot boat Thomas F. Bayard dragged her anchors and came ashore this morning with keel gone. The crew of eleven men are safe. Schooner J. and L. Bryan, Capt. D. L. Risley, coal, from Philadelphia, went to

pieces on a fourteen-foot bank last night. The crew came ashore on pieces of wreck, but four others of the crew are undoubtedly lost. One man on the raft died and was thrown overboard. Lewes' life station is partly washed away, and the fog bell on the breakwater was washed ashore at Lewes.

The Damage at Ocean City.

SALISBURY, Md., Sept. 12.—The destruction wrought by the storm at Ocean City is great. All the porch columns at the hotels and cottages are washed away; the doors and windows broke, and furniture is floating about the beach. The seas last night were breaking to the second story of the Atlantic hotel and Congress hall, and waves ran six feet deep through the hotels. The furniture is floating in the rooms.

A train was sent last night to rescue the dwellers on the beach. The work was done by a large number of men joining hands and wading through water waist deep. They brought the women to the cars one by one, seated on their joined hands.

New York Recovering.

NEW YORK, Sept. 12.—The river fronts begin to assume their wanted appearance, the rise of water having to a great extent subsided and nearly all the cellars and ware houses which were yesterday flooded by the extraordinary high tide, been pumped out. The damage will be very great. The waters continue very rough, but the high wind seems to have spent itself and the various ferryboats are running on time. The steamers plying between this and eastern and northern ports come in and are leaving pretty well on scheduled time.

Shipping Paralyzed at Baltimore.

BALTIMORE, Sept. 12.—The terrible gale which raged for twenty-four hours, resulted in considerable damage along the Chesapeake. Reports are very meagre. Shipping at this port is particularly paralyzed, there being only three arrivals yesterday. The steamer D. H. Miller, from Boston, reports that a schooner was seen ashore on Point Lookout. The schooner Jennie Leffett, from the Kennebec river, was blown aground on Monday and is still there.

A Missing Catboat.

NEW HAVEN, Conn., Sept. 12.—Rev. C. M. Pegg, George N. Harford, Jacob Smith and Capt. Daniel Craft, of Norwalk, left that place in an eighteen foot catboat Monday afternoon for Long Island, and it is feared they were lost in the storm which raged shortly afterward. Telegrams to various Long Island ports have failed to elicit any information about the men. Parties have gone out in boats to search for them.

Pilots Carried Out to Sea.

NEW YORK, Sept. 12.—Nine pilots were carried out yesterday on steamers which they were guiding from port. They could not find pilot boats outside to bring them back. Some will have to take involuntary trips to Europe, others to southern ports. By law they are entitled to \$35 per week and first-class board during their enforced absence from port.

A Bridge Swept Away.

NEW BRUNSWICK, N. J., Sept. 12.—The highway bridge over the creek at Cheesequakes was swept away during the storm. The bridge cost \$5,000. A railroad washout near Perth Amboy is reported and much damage has been done in this and adjoining counties. Wires are down and details cannot yet be obtained.

Communication Established.

NORFOLK, Va., Sept. 12.—Telegraphic communication between Norfolk and the coast has been re-established. No disasters from the storm have been reported at Cape Henry. The wind is blowing only thirty miles an hour at Cape Henry.

Reports from Ocean Vessels.

NEW YORK, Sept. 12.—Steamships arriving from the east and south report passing through a storm of almost unexampled severity.

COLLIERY CAVE-IN.

The Disaster at Poke Hollow Much Worse Than at First Reported.

WILKESBARRE, Pa., Sept. 12.—The big cave-in at No. 5 colliery, Poke Hollow, is worse than was at first reported. The disaster is the greatest that has occurred in the coal regions for years. In some places the earth has gone down over twenty feet. The loss to the mine owners will exceed \$100,000. Luckily there were no dwellings on the tract.

The cave-in affects about thirty acres of mining property belonging to the Delaware and Hudson company. About 1,500 men and boys will be thrown out of work, as it will take many months to put the mines in mining condition. Twenty-five men were at work in the mine when the crash came, but all of them managed to escape in safety. The bottom has fallen out of a number of cellars in the neighborhood, and a farm near by has partially toppled over.

WANTS TO COME BACK.

Wilson Sherman is Willing to Surrender to the Authorities.

BUFFALO, N. Y., Sept. 12.—Wilson H. Sherman, of grain shortage fame, is said to have grown tired of his exile in Canada, and is willing to return here and surrender to the authorities. He is wanted on charges of forgery. He is said to be hiding near Hamilton, Ont. The assistant district attorney went to Canada yesterday, and it is said his trip is connected with Sherman's return.

LATER—Sherman was arrested at Toronto yesterday afternoon. The prisoner was remanded till the 19th inst., and will be tried then by Judge McDougall in his chambers at Toronto.

THE EVENING BULLETIN

DAILY, EXCEPT SUNDAY.

ROSSER & MCCARTHY,
Proprietors.

THURSDAY, SEPT. 12, 1889.

NEW JERSEY Democrats have nominated a winning ticket. Hon. Leon. Abbot heads it, for Governor.

ONE of the best Democrats of the country, and one of the most experienced statesmen too, passed away when Hon. S. S. Cox died.

"LITTLE BILLY" MAHONEY isn't having any picnic in his race for Governor in Virginia. Lewis has deserted him, Riddleberger has followed Lewis and the Democratic camp will be full of Republican deserters by election day.

GEORGETOWN is looking up since she got her new railroad—the Kentucky Midland. A twine factory to give employment to three or four hundred hands is to be built soon. The company will be organized this week with a capital of \$100,000. Good for Georgetown.

THE Fleming Gazette man is a spoilsman of the most pronounced character, and refuses to be comforted as long as a Democrat fills a Federal office. He is grumbling and growling at Harrison for spending his time at summer resorts instead of staying at Washington and dishing out the "pie" to the boys.

BATH County Democrats will hold a primary Saturday, Oct. 19th, to select a ticket to be voted for next August. The Courier-Journal remarks "they are beginning early." Our esteemed contemporary is informed several counties are way ahead of Bath, having nominated a ticket two or three months ago.

"THE Maysville Republican challenges the figures of the Bankers' Monthly concerning farm mortgages in certain States," says the Louisville Times. "It is a strictly business question with the Monthly and a strictly political question with the Republican." Unbiased people will be apt to give the more credence to the Monthly.

THE low water and heavy fogs have thrown most of the packets way out of time. The St. Lawrence did not get in from Cincinnati yesterday till about 9:30 p. m., and the Bonanza, due down last evening, did not make her appearance until this morning after 6 o'clock. The Telegraph, Handy No. 2 and Minnie Bay were also several hours behind.

ERASTUS WINANS is a pretty good business man, and, as a rule, knows what he is talking about. He says that there is enough machinery in American factories to manufacture necessities for 100,000,000 people. America has 60,000,000 people, and there is the tariff that says to the manufacturer, "you shall not manufacture for other countries."—Exchange.

SECRETARY NOBLE has had enough of Tanner's monkeying with the surplus. Affairs in the Pension Office have reached a crisis. The Commissioner has been suspended and a deputy has taken charge, pending an investigation. Such is the news from the National Capital. It will occasion no surprise. Considering Tanner's profligate administration of the office, the wonder is that his superiors delayed acting so long.

THE Philadelphia Record says: "The farmers have this year raised a tremendous wheat crop, for which they will get European prices, less the cost of transportation. But when they buy sugar, lumber, clothing, salt, tools, medicines, tinware, or any other of the thousands of necessities, they must pay American prices. They sell in the cheapest market and buy in the dearest market. As long as they are satisfied with this kind of trading there is no reason why Harrison shouldn't be President."

THE Democrats of Fleming are to be congratulated on their excellent work at the late primary. They nominated a splendid ticket. Even the Fleming Gazette, the Republican organ, admits that the ticket is one that "calls on the Republicans for their very best material." Hon. James P. Harbeson, the nominee for County Judge, is a native of Mason County, and the Gazette in speaking of him says: "He is a life-long Democrat, an able lawyer and a cultured gentleman. By his unswerving devotion and unaltering loyalty he nestles very close to the Fleming County Democratic heart."

"ONLY six months of a Republican administration have passed," says the New York Star, "yet in that time it has managed, by a combination of reckless extravagance and downright incapacity, to create a general sense of uneasiness regarding the national finances. * * * A comparison which the result of six months of Harrisonian financial policy invite with the economical and scrupulous administration of the Treasury under Cleveland and his Secretaries of the Treasury can only be as creditable to the latter as it is damaging to the 'uninstructed political economist' of Indianapolis."

Depressing Days.

The Democratic plot to bribe Southern Republican Congressmen and steal the House of Representatives has failed, the Mormons have been defeated in Salt Lake City, John L. Sullivan has been arranged at the bar of justice, and the Bourbon majority in Kentucky is reduced to half the figures of four years ago. These are depressing days for the Democracy.

—Ripley Bee.
The above is a sample of the stuff sent out by Foraker's Republican Campaign Committee. And this man had the cheek to ask Democrats to support him at his Xenia speech. Every Buckeye Democrat should take especial delight in doing all they can to consign Foraker to private life.

REPORTS from Washington City indicate that the Republicans are uneasy over the heavy increase in the public debt during July and August. They have put Secretary Windom to juggling with the figures to show there was no increase. A special from there says "He writes a long statement of words and figures, which confound the reader and signify nothing. The official statement from the Treasury the first of this month was to the effect that the public debt had been increased \$6,000,000, and an explanation was given of the cause of the increase by the statement that large and extraordinary payments had been made." Windom's explanation only makes a bad matter worse. He should have done his fingerin' before the official statement was sent out.

Mrs. Wright is back again at her old post, Shannon Academy, and the children are happy. Robert Caldwell and wife are visiting at "Long Branch," the home of uncle John Caldwell. Mrs. Leonard Smith and daughter, Nannie Lee, of New Philadelphia, Ohio, are guests of Mrs. Hiram Dye. Dr. W. H. Anderson, our pastor, has gone to conference. He looked quite "dudish" in his new outfit and well-filled purse. A. J. Styles and wife are among our representatives at Paris this week, at the annual conference of the M. E. Church, South. Huff Browning and Jimmie Piles are at Millersburg College. Joe Caldwell is at Danville, and Birdie Caldwell at Maysville. Professor Will Chandler, after years of successful school teaching has himself become a pupil and has matriculated at the College of Arts in Lexington. Much to the delight of her friends, Mrs. A. R. Dallas, after a four months outing, has returned to "Ashwood" and is the guest of her sister, Mrs. H. D. Watson. Mrs. Kilpatrick and Miss Etta Jefferson have associated for dress-making. They are ladies of good taste and will execute their work with neatness and dispatch. Ah! the surprise that is in waiting for the curious, but mistaken public! The belle of S. C. has her troupeau under way, and who dear me, do you think the lucky fellow is? Fune als at Shannon: Sunday September 1st, Mrs. John Hitt; Friday September 6th, Sophia M. infant daughter of Mr. and Mrs. John Titon of Nicholas. Dr. Anderson made an appropriate discourse on each occasion, very comforting to the bereaved relatives. The Committee of Arrangements of the late "Ashwood Lawn Fete" did so nobly all around that individual praise seems uncalled for, yet there is all along the line special mention of the intelligent work of certain lady directors who made it a success. Among the contributors from other points the directors desire special thanks returned to Messrs. Myall & Shackelford and Hechinger & Co., of Maysville, for each of five dollars per each firm; to H. D. Watson for use of grove, and to Kay's Cornet Band for good music rendered as a gratuity. Financial receipts net about ninety dollars and will be donated to Shannon church and cemetery.

THE

ONE:PRICE:SYSTEM

Ever since the beginning of MINER'S SHOE STORE, over fifty years ago, the One Price principle has been strictly adhered to. It is one of the bright features of our business. That it is the fairest, squarest and most satisfactory in all respects, every buyer will admit.

Another thing in this connection: Where one price is the rule, of necessity it means the very lowest cash price; the two are inseparably connected. Think this over and see if the statement is not correct. As a measure of good faith, we mark everything in plain figures, that

The capital stock is to be \$500,000 at \$100 per share, and the company is to commence business as soon as 500 shares are taken.

KENTUCKY CONFERENCE.

First Day's Doings of the Meeting at Paris—Committees Named.

The sixty-ninth session of the Kentucky Conference of the Methodist Episcopal Church, South, convened at Paris yesterday morning at 9 o'clock in the court house, with Bishop Wilson, of Baltimore, in the chair.

Rev. John Reeves was chosen Secretary and Rev. W. E. Arnold Assistant Secretary.

The various standing committees were appointed, with the following chairmen: Public Worship—W. T. Rowland, H. P. Walker.

Education—J. W. Fitch. Bible Cause—D. P. Ware. Books and Periodicals—J. S. Sims. Temperance—J. E. Wright. District Conference Records—S. W. Spears. Widows' and Orphans' Home—J. R. Savage. Rev. C. J. Nuzent was chosen to collect money for the publication of the conference minutes.

A communication from Dr. Dunlap, Commissioner of Education for the negro in the South, was read and handed to the Board of Education for examination and action.

County Court Doings.

W. S. Frank was appointed administrator of Eliza Courtney, deceased, and executed bond with Dan Perrine surety. Con Guilfoyle was granted license to retail spirituous, vinous and malt liquors, at Mayslick.

FOLLOWING is the ticket nominated by the Fleming County Democrats at the late primary:

County Judge—James P. Harbeson. County Clerk—James McCreary. County Attorney—J. H. Power. Sheriff—James P. Drennan. Jailer—John Ryan. Superintendent of Schools—Will G. Hart. Assessor—Robt. D. Howe. Coroner—Pat H. King.

It was reported that several lives had been lost in a wreck on the C. & O. at Manchester yesterday afternoon. As usual the matter was greatly exaggerated. Several cars attached to a west-bound freight were derailed, but none of the crew were hurt. The wrecking train came up from Cincinnati at 5:30 and had the track clear at 7 o'clock.

At a late meeting of the Ripley Mill and Lumber Co., it was voted to wind up the business this season. Capt. C. W. Boyd resigned as President, and was succeeded by M. L. Kirkpatrick, who is also Secretary. F. M. Stevenson was elected Treasurer. Nothing will probably be done towards rebuilding the mill this year, says the Bee. The company's pay-roll amounted to about \$1,000 a week, and the loss to the merchants of the place is a heavy one.

THE Democratic primary in Robertson County resulted in the nomination of the following ticket:

County Judge—W. A. Morris. County Attorney—J. J. Osborne. Clerk—T. L. Green. Sheriff—C. T. Sparks. Jailer—Baine. Assessor—J. W. Hardin. School Superintendent—P. D. Linville. The contest for the judgeship was a close one, Morris defeating James Kenton by only six votes. D. M. Reveal is to be Sparks' Deputy.

THERE is a certain class around the depot most every evening who carry off anything they can get their hands on. Recently they have gone so far as to appropriate some of the door-knobs. These loafers and idlers are an annoyance not only to the railroad people, but also to citizens who go there on business. In addition to this, their conduct is frequently of such a character as to give the city a bad reputation with the traveling public. It is the duty of the city officials to put a stop to it at once.

MAYSVILLE COMMANDERY No. 10, K. T., will leave on the evening of October 5th for Washington City, to attend the grand triennial convocation. The party will consist of seventy people, thirty-six Sir Knights, eighteen ladies—wives of Sir Knights—and Hauck's Reed and Brass Band. They will go by a special C. & O. train, and will take a number of Knights from Huntington and the Charleston Commandery, of Charleston, W. Va. The Maysville party will stop at the Arlington Hotel while in Washington City.

At West Union Monday, the Democrats of Adams County nominated the following ticket to fill the places made vacant by resignation: Representative, R. H. W. Peterson; Clerk, John Graham, Jr.; Treasurer, M. P. Williamson. The remainder of the ticket is as follows: For Sheriff, W. P. Newman; Commissioner, Robert Collings; Infirmary Director, M. P. Suttle. The following men were chosen as an Executive Committee: I. N. Tolle, G. W. Pettit, H. J. Thomas, A. M. Jones, J. P. Leedom, Phillip Henderson, J. W. Eylar. The ticket is considered a very strong one.

The Railway World.

E. D. Hotchkiss, General Freight Agent of the C. & O., will remove his headquarters from Cincinnati to Richmond, Va. He will be located at Richmond on and after the 16th inst.

The north-bound shipments of grain, cotton and tobacco over the lines of the L. & N. and the Louisville Southern during the month of August exceeded anything heretofore known in the history of these roads.

The Louisville Courier-Journal says: "The fall report of the State Railroad Commission will show a surprising increase of Kentucky railroad mileage, but the report of 1890 will doubtless show a much larger increase."

The Pennsylvania system now has 10,589 miles of road and averages 13.78 employees per mile. The pay-rolls on August 1 showed that 88,363 persons were in the direct employ of the Pennsylvania lines east of Pittsburg.

The Louisville and Nashville railroad handled 1,664 more loaded cars at Cincinnati in August, 1, 1889, than for the same month of the previous year. Of this increase, 1,419 were north-bound, and 245 south-bound. This is a splendid showing.

Chesapeake and Ohio earnings for the month of August show the heavy increase of \$137,470.85 over those for the corresponding month of last year. The figures are:

1889	\$611,580.26
1888	473,699.41
Increase	\$137,470.85

Bessemer, Roddy Patterson's fast side-wheeler, won the free-for-all pace at Minneapolis in 2:16, 2:20, 2:13. His previous record was 2:15.

Horsemen are trying to arrange for a match race between the pacers Don Pizarro and Axtel, to come off during the fall meeting at Lexington.

Last season, according to statistics compiled by good authority, the total value of the stakes and purses run on the American turf was \$2,616,887.50. Of this \$2,153,133.50 was won by horses finishing first, \$387,468.55 by those who ran second, while third horses earned \$26,285.45.

Estimating El Rio Rey's last win at \$10,000, his winnings now amount to \$42,702, which is more money than has ever been won by a two-year-old on the American turf, with the sole exception of Proctor Knott, who won last season \$69,780, and Chaos, the winner of this year's Futurity stakes, whose net earnings so far amount to \$63,550.—Exchange.

Accepted the Call.

Rev. W. J. E. Cox, of Georgetown, has formally accepted the call of the First Baptist Church of this city, and will enter upon the duties of his pastorate the first of October. A business meeting of the church is called for this evening (Thursday) at 7:30 o'clock. All the members are urgently requested to attend, as matters of importance will be considered.

A Big Excursion.

The C. and O.'s excursion to Cincinnati yesterday afternoon was a big one. The special train was delayed three hours by the wreck at Manchester, and did not reach this place until 7 o'clock. There were nine coaches and a baggage car crowded. About twelve hundred people were aboard. Thirty or thirty-five tickets were sold at this point, and the number would have been largely increased had the train been on time.

The Kentucky Midland will be completed to Paris by November 1st. The bridges are about finished. About 2,000 hands are at work on the road between Georgetown and Paris. The depot at the latter place will be at the junction of the main line of the Kentucky Central Railroad and the Kentucky Central Extension to Richmond, and it is now said that the passenger depot of the Kentucky Central will be moved to that point. The grounds are one mile from the business part of the city, and a street-car line is to be built out to the depot as soon as the right of way can be obtained.

Whitechapel Victim.

Medical Testimony Taken at the Coroner's Inquest.

THE REVELATIONS KEPT SECRET.

A Startling Rumor that May Lead to a Clew if Properly Investigated—Former Whitechapel Victims—The London Dock Managers Appeal for Protection. Other Foreign News.

LONDON, Sept. 12.—The inquest in the case of the woman, whose headless body was discovered in the Whitechapel district Tuesday morning, was conducted with closed doors, and extraordinary precautions are taken to prevent the medical testimony in the case being made public.

The rumor is afloat, but cannot be traced to an authoritative source, that one of the doctors has pointed out that the surgical work of the fiend who committed the murder bears a remarkable resemblance in certain features to peculiarities which have frequently been noted by the profession in the work of a well known London surgeon, a man of the highest standing in his profession, but exceedingly eccentric. The police maintain a discreet silence, and refuse to either deny or verify the rumor. They appear to be active, however, and their conduct indicates that they have a clew of some kind.

The generally accepted list of the Whitechapel's victims up to date is as follows:

1. Unknown woman, past middle age, Whitechapel outcast, found dead in October, 1887, with body horribly mutilated. Little attention paid to the case.
2. Martha Turner, found Aug. 7, 1888, stabbed in sixty-two places, probably with a bayonet.
3. Polly Nichols, found Aug. 31, head nearly severed from body.
4. Annie Chapman, found Sept. 8, horribly carved.
5. Elizabeth Stride, found Sept. 30, body warm when found, but mutilated like the others.
6. Catherine Edlowes, found the same morning, body and face horribly disfigured.
7. Mrs. Mary Jane Lawrence, found Nov. 9, head nearly severed, face lacerated almost beyond recognition, breast cut off and laid on a table, heart and liver removed and matrix missing; body literally hacked to pieces.
8. Elizabeth Jackson, body found in sections between May 31 and June 25, 1889.
9. Alice Mackenzie, alias Kelly, found in Castle ally, dead, but with body still warm, June 17, 1889, mutilations not completed; knife evidently dull.
10. The present case.

Dock Managers Appeal for Protection.
LONDON, Sept. 12.—The dock managers sent a representative to Chief of Police Monro, imploring him to take steps to prevent the strikers from posting pickets about their premises for the purpose of intimidating the men who have been engaged to work on the docks. These men, they say, are willing and anxious to go to work, but are frightened off by the threatening language and menacing insinuations of the pickets.

The chief of police replied that he held himself ready to protect the companies in their rights, and if these were being interfered with he would take such steps as seemed necessary to prevent a continuance of such interference. Their proposal, however, involved a fine question of law, and he should prefer before taking action to advise himself as to the point. The pickets probably had a right under the law to accost persons on the public highway and advise them to refrain from work, and if their action amounted to no more than this he did not see his way clear to using the police for their suppression. Just the point where advice stopped and intimidation begun might be a difficult matter to determine, the more, especially if persons who are claimed to have been intimidated make no complaint. He advised the dock managers to reduce their complaint to writing, and to indicate at the same time what particular law or ordinance they claimed the pickets were violating.

Stanley Marching to the Coast.
BRUSSELS, Sept. 12.—The Mouvement Geographique says that Stanley is marching to the coast with Mombassa as his objective point. From information just received from an absolutely trustworthy source, it learns that Stanley after fighting his way through and conquering Umijira and Uganda, established the authority of the British East Africa company from the upper Nile to the east coast. It is extremely doubtful that Emin is with Stanley, all information tending to show that he remained behind.

Cause of the Antwerp Disaster.
ANTWERP, Sept. 12.—The official inquiry into the causes which led to the disastrous explosion and conflagration in this city is progressing. The proceedings are being conducted secretly. It is officially denied that the cartridges which exploded in the factory contained dynamite. It is believed that the explosion occurred in the cartridge factory before the petroleum reservoir caught fire.

And She Will Go With Him.
BERLIN, Sept. 12.—The Cologne Gazette's St. Petersburg dispatch states that the czarina will accompany the czar on his visit to Berlin, which will occur Sept. 29.

Attacked the Wrong Man.
EVANSVILLE, Ind., Sept. 12.—James F. Rose, a young son of Dr. W. B. Rose, walked into a saloon yesterday evening and was instantly attacked by John Cook, a hotel runner, who, mistaking him for another man, used a knife with probably fatal effect, cutting his face almost to pieces. Cook was knocked down, but getting on his feet renewed the attack. He was arrested. Young Rose is in a critical condition.
